GUADALAJARA FALLS AND THOUSANDS ARE CAPTURED BY REBELS

Douglas, Ariz., July 10.—Telegraphing from the governor's palace in the city of Guadalajara, General Alvaro Obregon has informed General Carranza and F. F. Elias, border representative of the rebels, that he had captured the city Wednesday morning and utterly routed 12,000 Federals commanded by General Miel, Huerta governor of the state of Jalisco.

In a fierce battle extending over a zone of eighty miles, the federal army was cut to pieces by Obregon's force of less than 10,000 men. Five thousand Federals were captured, Obregon said, along with all the artillery and ammunition of the enemy. Those who escaped are being pursued by rebel cavalry. General Blanco was sent to cut off all communication with Mexico City. He tore up the railway line and prevented the federals moving any stores out of the city.

Very few of the attacking force were killed or wounded, Obregon reported. He informed Elias that he led his forces personally into Guadalajara. The city went wild with enthusiasm over the entrance of the revolutionary force and, it is estimated here, Obregon will secure 15,000 recruits in the city before marching on Irapuato, the railroad junction on the Mexican Central railroad connecting the city of Mexico with northern and western Mexico.

Perfect order is being maintained in the city and celebrations are going on in all the towns of northern Sonora.

Obregon Sets Up Government

(By John W. Roberts, staff correspondent of the International News Service.)

Guadalajara, Mexico, July 10.—General Alvaro Obregon, who captured this city after a fight of 48 hours, set up a Constitutional government today and ordered the burning of bodies of federal slain in the battle and directed the execution of the government soldiers who refused to enlist under the revolutionary banner.

The number of federals killed and wounded numbered more than 2,000. He has more than 5,000 prisoners and expects to capture the majority of 5,000 others who took to flight without arms and ammunition when it became certain the city was doomed.

"Our victory has cut Gen Huerta off from escape to Mazamitlan," said Obregon today, as he sat at a table in the palace. "The death-knell of the assassin in the capital has been sounded."

Gen. Obregon said that his losses in the battle might reach 500 in

Met Clandestinely And Both Are Found In Throes Of Death

Dayton, Ohio, July 10.—As a result of a clandestine meeting and quarrel early this morning, Mrs. Lottie Brumage, wife of a painter, and Charles Williamson, a bartender, are dying at the Miami Valley hospital.

The man was found unconscious on the outskirts of the city with a bullet in his breast and a revolver clutched in his hand. Within a few feet lay the woman seemingly in her death throes and with her a chubby two-year-old infant crying with fright. The woman was shot three times.

Harry Brumage, husband of the dying woman, tells a story of attentions forced upon the woman by Williamson and threats to kill her if she refused to elope with him.

The Brumages formerly lived in Cincinnati and were planning to return to that city.

DEPRESSION SENTIMENTAL SAYS WILLYS

London, Eng., July 10.—Instead of "physiologicals," John R. Willys, president of the Willys Overland Automobile company of Toledo, believes that the "present business depression is purely sentimental." That was his opinion of the conditions in America.

"In the next 12 months," he said, "we expect to turn out 75,000 automobiles. Last year we manufactured 45,000 automobiles and sold them all. It is strange that all this talk about the business depression increases the sale of automobiles," said Willys.

O'Leary thinks how many more were people there'd be in the world if it wasn't necessary for folks to talk. If some of us could keep still when we feel inclined to speak our reputation for sagacity'd receive an awful boost. But we can't do it. Nope, we speak right up and give ourselves dead away. Now if I could damp this weather tomorrow instead of today—but—well here goes:

Throws A Baby From Auto Before Machine Overturnd

Frantic because she saw that the automobile in which she was riding would turn over, Mrs. Margaret Giles, a seamstress, tossed little Wilba Sampson out of the machine into some brush alongside the road. The child was rendered unconscious, but rallied and otherwise escaped injury.

When the machine driven by Roy Wells and occupied by H. J. Wells, his father, the Sampson child and Mrs. Giles, turned turtle Thursday morning in front of the John Bennett farm in Madison township, H. J. Wells sustained a fractured arm.

Roy Wells pluckily remained in his seat and as the car tipped after skidding on the road, managed to hold it up long enough to prevent Mrs. Giles from being crushed beneath its weight. Mr. Wells was injured in jumping.

When picked up alongside the road after the accident, the Sampson girl was found unconscious, but later regained consciousness and is none the worse for her thrilling experience.

killed and wounded. He gave great credit to the victory of his men to the personal bravery of Gen. Blanco, who led the final assault upon the hill where the federalists had taken their station. Gen. Blanco had many narrow escapes from death, but escaped unscathed.

Before the main assault began, Gen. Obregon cut the railroads leading towards the capital. This forced the federalists to flee on foot, and the fastest of the rebel cavalry are now on their trail, killing all, if any resistance is offered.

Guyamas Evacuated

Saltillo, July 9, via Laredo, Tex., July 10.—Guyamas, one of the most important seaports on the Mexican west coast, was evacuated by the federalists late today, according to advices to General Carranza.

The constitutionalist commander investing Guyamas was authorized to agree to an armistice until the federalists should leave the city by boats, the truce being to save property of non-combatants and unnecessary slaughter. Gen. Carranza has authorized Gen. Alvarado to establish a municipal government immediately at Guyamas. It is understood the terms of evacuation which were announced here in advance yesterday were carried out by which the American naval vessels in the harbor guaranteed the armistice with a promise also that after it was over the federal garrison would not bombard the newly established constitutionalist garrison.

Mexico City, Mex., July 10.—Adolfo De La Lanza, Mexican minister of finance, left the capital today for Vera Cruz, whence

he is to sail on board the French liner Espagnole for Europe. It was reported that his object was to carry out a financial mission for the federal government.

Tampico, Mex., July 10.—General Jesus Carranza and staff left here today for San Luis Potosi, followed by two military trains bearing 1,500 troops. The railroad trucks were repaired within 25 miles of San Luis Potosi. The advance guards of the constitutionalists, it is said, were already attacking federalists in the suburbs of the city. With heavy fighting around San Luis Potosi in progress it was estimated that 20,000 constitutionalists would soon attack the city.

Admits Triumph Of Rebels

Mexico City, July 10.—"The Carranza revolution has triumphed but the United States will soon learn that while it may establish a president in Mexico it cannot keep him there."

This statement was made by Minister of Foreign Relations Madero today. He declared Huerta was not to blame for the killing of Madero. "I know who killed Madero," he said, "and as soon as I get to New York I will tell about it." Madero said that while minister he learned that Col. Roosevelt had inserted a plank in the Progressive platform which said that Mexico should be divided into four parts. The other parties believed in the same principle, he said. Madero sent a thrust in the direction of President Wilson by saying:

"While President Wilson has been occupied with high ideals, 8,000 Mexicans have been killed daily for the last six months."

Wants City Enjoined

That the city of Portsmouth is to meet opposition in its effort to straighten the kinks out of Gallin pike, is manifested in the second injunction suit filed in a week in common pleas court in which Gustav Heinisch, through Attorney Will J. Meyer and Hanson & Hanson, is seeking to enjoin the city

from appropriating a strip of his ground, 12 feet wide and 150 feet long, to be used in improving the pike. Mr. Heinisch also objects to the city failing to leave enough room for the construction of a sidewalk without using a portion of his property. A similar suit was filed the first part of the week by Chas. C. Horr.

FRICK HAS ALIBI ON MONUMENT

Mayor Adam Frick strenuously denies being a charter member of the "Monument Society of Public Officials" and declares that he would never have thought of a memorial tablet on the new water works plant if it had not been brought up through contract made by the former city administration. In support of his statements Mayor Frick made public the entire correspondence relative to the "monument." It is as follows:

That the public may know in detail just who contracted for the name plate to be placed at the new water works, I submit the whole of the correspondence, to wit:

"Cincinnati, O., June 26, 1914
"Mr. Wm. Gergens, Sr.,
"Director Public Service,
"Portsmouth, Ohio.

"Dear Sir:—As a part of our contract in the new water works we are to supply a brass name plate to be placed on the inside wall of the pumping station and would ask that you kindly give us a list of names and titles of the persons whom you wish to have recorded on this plate.

"Awaiting your advice, we remain, yours truly,
"The John H. McGowan Co.,
"Portsmouth, O., July 29, 1914

"The John H. McGowan Co.,
"Cincinnati, Ohio.
"My Dear Sir:—In the matter of yours the 26th instant and wording for the interior slab at the new water station:

"It will be my pleasure to forward you, without delay, simplified wording for this name plate.

"With respect,
"Adam Frick, Mayor."

"Portsmouth, O., July 1, 1914
"The John H. McGowan Co.,

"Cincinnati, Ohio.
"My Dear Sir:—In the matter of name plate for the new water station as per yours the 26th instant:

"You may insert upon the plate the following inscription:

"Contracted nineteen hundred twelve by the city council, J. M. Williams, director of public service; Fred N. Tynes, mayor. Completed nineteen hundred fourteen by the city council, William Gergens, Sr., director of public service; Adam Frick, mayor."

"With respect,
"Adam Frick, Mayor."

From the above it would seem that the former city council, Mayor Tynes and his cohorts were the original "monumenters" and they will so stand convicted, unless like Mayor Frick, they can produce an alibi.

PEOPLE WITH THIN BLOOD

Some people have a tendency to be thin-blooded just as others have an inherited tendency to rheumatism, or to nervous disorder. The condition in which the blood becomes so thin that the whole body suffers comes on so gradually and stealthily that anyone with a natural disposition in that direction should watch the symptoms carefully. Bloodlessness, or anemia, as the medical term is, can be corrected much more easily in the earlier stages than later. It begins with a tired feeling that rest does not overcome, the complexion becomes pale, and breathlessness on slight exertion, such as going up stairs, is noticed.

Dr. Williams' Pink Pills are a home remedy that has been most successful in the treatment of diseases caused by thin blood. With pure air and wholesome food these blood-making pills afford the correct treatment when the symptoms described are noticed. A former sufferer from anemia says: "I was emaciated and did not have a particle of color. I had severe headaches, had no ambition and could just drag around." Dr. Williams' Pink Pills quickly restored appetite, flesh and health. A full statement of diseases with directions regarding diet will be found in Dr. Williams' "Building Up the Blood," sent free by the Dr. Williams' Medicine Co., Schenectady, N. Y.

HILLBILLIES BEATEN AT TENNIS

It remained for Sid Lehman and John Massie, who compose the Second Street Tennis team, to wipe up the lawn with William Atlas and Ed Strauss, known to tennis exponents as the Hillbillies.

Lehman and Massie took the measure of the Hillbillies in three straight sets at the court located at Offshore and Second streets Thursday evening, by the scores of 6-3, 6-3 and 6-4. There was not a time during the playing of the three sets that Messrs. Atlas and Strauss had a chance. To tell the honest truth, Messrs. Lehman and Massie really believed the Hillbillies were too much for them. However, they soon gained the necessary confidence and whaled the daylighters out of them. A return match will be played in the near future, although Messrs. Atlas and Strauss will have to go out and secure a reputation.

LEG BROKEN IN RUNAWAY

Tiling alongside the road frightened a horse driven by George McDonald of Madison township. Several days ago and when the buggy overturned his wife sustained a broken limb. A nephew riding in the buggy was thrown out but had a remarkable escape from injury. When the horse frightened as it was passing in front of the home of B. M. Hammond in Madison township, Mr. McDonald jumped out and grabbed it by the bit. But the animal was uncontrollable and veering sharply overturned the buggy, throwing both the lad and Mrs. McDonald out. The vehicle was considerably damaged and Mrs. McDonald otherwise injured besides sustaining a broken limb.

Both advances will be felt in this country in the next few months. Our present stock will be sold at the old prices, in face of certain definite advances. You will have no occasion to fear any depreciation in value, as we give the following guarantee with each diamond sold during the month of July:

Picking Up Money

Using these columns is pretty much like picking up money on the streets. Walking is small effort, you wear out a little shoe leather, the money you pick up is clear gain, if you can't find the owner.

So it is little effort to telephone your "want" to this paper, your carrier will collect the little cost—only 2 cents a word each insertion—and the little ad is altogether likely to get for you what you want.

Bucyrus Electric Rates Adjustment

Columbus, O., July 10.—The electric light companies through-out the state are interested in a hearing before the state utilities commission for fixing of electric light rates in Bucyrus on an actual physical valuation of the property of the Bucyrus Light & Power company. The commission room was filled with attorneys to assist the Bucyrus company. The city council of Bucyrus claims the company's charges of 8 cents per kilowatt hour is too high, considering the valuation of the plant.

How many of them will stick with Carranza in case he comes to an open break with General Pancho Villa, something which is considered probable in the near future, is not known. Mexican soldiers have a habit of swearing eternal allegiance, which lasts till another soldier-politician comes along and shows a little more strength.

Many Deals Made By Chas. V. Wertz

Charles V. Wertz, local real estate dealer, stated Friday that he was picking up, at least this is his observation and he based upon the boom that the real estate business has enjoyed since the general announcement that Portsmouth would get the C. & O. bridge. This news has stimulated business and a little, according to Mr. Wertz.

He sold one of D. E. Thomas' home houses on North Waller street near Kinney's lane to J. E. Kelly, who will occupy it as a residence, for \$13,000.

Mr. Wertz also sold one of Mr. E. E. Brown's houses on Eighty-third street near Waller to E. E. Brown, for \$12,000.

OBITUARY

Joseph Guterman

When death claimed Joseph Guterman, Thursday evening at 8 o'clock at the home of his grand-son and grand-daughter, Mr. and Mrs. Fred Straus of 1801 Timmonds avenue, it removed from the city a man, who was well known and highly regarded by all and a man who until a few years ago was actively identified with the retail clothing business of Portsmouth. For over fifteen years Mr. Guterman conducted a retail clothing store on Second street and he never went west farther than Market street nor east farther than Washington.

He retired in 1896 and since that time had led a quiet life at the home of his relatives. He had been in feeble health for two or three years and his death came as no surprise to his friends and close associates. He gradually lost his strength until he slept away like a child, the end being peaceful and calm as the setting sun. A business career extending over a period of sixty years was closed when death claimed this aged and respected citizen.

Mr. Guterman was born in Bavaria, Germany, October 27, 1825, and had lived a few months longer he would have reached the ripe old age of 89. He came to America in 1841 and located at New Vienna, Ross county, Ohio. Later he went to Sandusky and then he located in Cincinnati. Mr. Guterman and family came to Portsmouth in 1881. He was always regarded as a successful business man and he employed honest methods in dealing with his patrons, which bore golden fruit. He was faithful with every angle of the cloth business, having for a number of years been interested in the wholesale clothing business everywhere a square deal and retired with the best wishes of a

host of friends

Mr. Guterman is survived by one daughter, Mrs. Pauline Kaufman, who with her daughter, Mrs. Fred Straus, tenderly cared for Mr. Guterman during his declining days. He also leaves one grand-son, Sidney Kaufman, who arrived here Thursday from Charleston, and a great grandson, little Joseph Fritz Straus.

They look after him with true devotion. Mr. Guterman is the last of a family of twelve children. He was a son of the late Samuel and Sarah Guterman. His daughter, Mrs. Sera Sack, it will be recalled, died suddenly in Cincinnati last December.

Mrs. Nancy Dodds

Mrs. Nancy McMuray-Dodds, aged 79 years, wife of Owen C. Dodds, a well-known retired carpenter of Lucasville, dropped dead while eating breakfast at the home of their son-in-law, David H. McElfresh, real estate man, of 1222 Grandview avenue, Friday morning, at 6:30.

Mrs. Dodds, who with her husband had been here since Tuesday on a visit, had just about finished her meal when she fell from her chair, and after one or two gasps expired instantly. Dr. W. W. Smith responded to a hurry call, but found the aged woman beyond medical aid.

The sudden death came as a severe shock to the household, for up until the time she was stricken Mrs. Dodds appeared hale and hearty and seemed in unusually good spirits. Neighbors last night were sitting on the porch of the McElfresh home Thursday evening. Heart failure was given as the cause of death.

Mrs. Dodds was one of the most highly respected women of Lucasville. She became the wife of Mr. Dodds 51 years ago, and besides him leaves seven adult children: O. S. Dodds, of Solani; Mrs. Harriet E. McElfresh, of this city; P. M. Dodds and Mrs. Fred Finley of Detroit; Oscar W. and L. I. Dodds, of Rockwell, Ind.; C. O. Dodds, of Dayton, O. She is also survived by one brother, Samuel J. McMuray, of Ft. Collins, Colorado, and two sisters, Mrs. Rachel Bennett, of Pike county, and Mrs. Elizabeth Dodds, of Lawrence, Kansas. Mrs. Dodds was a member of Manly Methodist church of this city.

The remains will be taken to Lucasville on the 7:30 train Monday morning and thence to the old home at Mount Joy for burial.

Capt. James Louis Shepard

Capt. J. L. Shepard, 76, a pioneer steamboat captain, died Thursday night at his home in front of the city. He piloted a great number of boats during his career among them the Cobb, Ocell, Elma, Douglas Hall, Jack Frost, Gailer, Gate City and others. He was last employed as pilot on the Russell-Branton ferry. Three brothers and one sister, Mrs. Julia Doty, of Franklin Furnace, survive together with a wife and four children.

Robert Otto Zoellner

Bowed in deepest grief are the numerous relatives of Robert Zoellner, aged 7 years, second son of Mr. and Mrs. Otto Zoellner, of township 10, who died suddenly at Hempstead hospital Friday morning, at 10 o'clock, while the sympathy of the entire community goes out to the bereaved parents over their great loss.

The death came as the result of a surgical operation performed up on the boy Thursday afternoon, at 4 o'clock, for appendicitis. He rallied nicely from the anesthetic, but the poison had spread through his system, and this, coupled with the shock, proved too much for him. He went through the ordeal with characteristic pluck and bravery, remaining conscious and recognizing his anxious parents and others about him up to the last, dying with a smile on his lips.

Though delicate, the boy had been in his usual health until a few days ago, when he appeared to be suffering with bilious attacks. He became worse Thursday, and an examination showed him to be suffering with appendicitis. An immediate operation was ordered and he was brought to Portsmouth in an automobile of his uncle, George M. Appel. Several surgeons assisted in the operation.

Robert Otto was born in Portsmouth February 11, 1907. He attended the Wheeler-Lane public school and the Wheeler-Lane Methodist Sunday school and was a confirmed favorite with relatives, friends and in all circles in which he moved. He was a noble, little fellow and to know him meant to love him. He also has many letters to mourn his death two brothers, Philip, aged 15 years, and Fred, aged 14 years.

The body was removed from the hospital to the home of the boy's grandmother, Mrs. Philip Zoellner, of No. 294 Court street. The distraught mother was on the verge of collapse, and after receiving medical attention was removed to the home of relatives.

Mysterious Death Of A Local Woman Occurred In Cincinnati

Mysterious circumstances seem to surround the death in Cincinnati of Mrs. Dorothy Scott, aged 28 years, formerly of this city.

Mayor Adam Frick received a long distance message from Undertaker Gilligan, informing him that the body of the woman was in a morgue there and that he desired instructions as to what to do with the remains. An investigation soon developed that Mrs. Scott was the daughter of A. J. Daniels, of Kensington street, an employee of the Portsmouth Gas company. Miss Althea Daniels, a comely sister, is now upon learning the news investigated.

The dead woman's step-mother called at police headquarters and told Mayor Frick that she and family were at a loss to understand why the woman's husband, Walter Scott, a chef, could not be located. They were not known to have separated. The couple have two children, Colleen, aged 7, and George, aged 4, both of whom have been in a hospital, the latter recently undergoing a surgical operation. Mr. Daniels or some other member of his family will likely go to Cincinnati to witness upon learning the news investigated.

LOUIE HAD HIS TROUBLES WHILE IN THE QUEEN CITY

Louie Goodman, genial manager of the "Style Shop," has traveled extensively. He has visited practically every state in the union and has even left the borders of the United States in quest of pleasure and business. But with all this, it is just seems that whenever Louie gets in Cincinnati, something goes wrong that results in his missing his train or boarding the wrong railers.

The other day Mr. Goodman made a trip to Cincinnati in company with St. Straus, proprietor of the Salvage, and the usual mishap occurred. Mr. Straus had business that prevented him from attending the game between Brooklyn and the Reds at League Park. It was urgent business, too, for St. would rather lose a big than miss a ball game. Mr. Goodman is quite a fan as well as St. and he took in the game. He was to meet St. at the Broadway station, where the expected to board a C. & O. train for Portsmouth. St. wanted, but no Louie. The train pulled out just as Louie reached the depot and the gates were locked. However, Louie pointed by the probate court as purchaser of the firm of Peterson & Cunningham.

Billy Southworth and Fred Hunter were in the game up to their necks in the clash between the Cleveland Scouts and Minneapolis in the A. A. Thursday. Southworth got two hits in five times up, had five put-outs and two assists and stole two bases, besides figuring in a double play. Hunter, playing first for Minneapolis, got three hits in five times at bat, one a triple and had eleven put-outs without an error. Junior, who moved to Cleveland in the third and at home. He also has many letters to mourn his death two brothers, Philip, aged 15 years, and Fred, aged 14 years.

Receiver

In order to settle up the estate of the late Edward Peterson, Attorney Harry Ball has been appointed by the probate court as receiver of the firm of Peterson & Cunningham.

Mad Dog Bites Horse

A bird dog belonging to Smith Coriell, a West Side farmer, went suddenly mad Friday morning, attacking a boy named Russell Elliott, scratching him on the arm, hanging to and chewing the mouth of Coriell's horse and biting a smaller dog before finally dispatched with a shot gun. A physician was called to attend the boy and Dr. Jos. Gill, veterinary surgeon, cauterized the horse's wound.

INNOCENT OF ROBBERY

Homer Harris, a 17-year old colored boy, learning that he was suspected of the recent Sugar Bowl robbery, gave himself up to Mayor Peck Friday morning. The boy's mother had sent him to headquarters as soon as he returned from a job hunting trip to Bluefield. It was this trip that caused the finger of suspicion to be pointed toward him but the boy told the mayor that after his discharge at the Sugar Bowl for reporting late for duty one morning he took employment at the N. & W. terminals but got into a fight with a fellow employee and was discharged and so decided to leave the city. The mayor questioned the boy closely and believing him innocent dismissed him.

Jersey City, N. J.—Mrs. Alice Carlson, suing for divorce, testified that her husband neglected her for a chicken farm and another woman.

NEW BOSTON

James Howell, state examiner of accounts, completed his inspection of the village books Friday afternoon. He started work on the books Wednesday morning and has found it a very trying job as the books had not been inspected for over two years. A few errors have been found in the entries but nothing of a serious nature was found during the inspection. He started an examination of the books of Squire William McManis Friday afternoon and expected to complete his work by evening.

William Carter, Gallia pike grocer, placed his second order for a ton of pickled pork Friday, it being the second order of this kind in the past three weeks.

Mrs. Louis Elhoff of Gallia pike, caught a glimpse of a snake in her garden Friday morning and appealed to William Fremont and Jesse Payton to kill the reptile. Picking up large clubs the two men went to the garden where they dispatched a copperhead snake about 2 feet long. According to Mrs. Elhoff the snake looked like it was six inches round and about six feet long. Fremont and Payton are helping nurse O. D. Chinn's grocery, opposite the Elhoff home.

Constable "Dad" Charles Davis is some schmeer when it comes to attaching household goods and taking them from the home. When he went to the home of Mrs. William Hunninglake, near Carlyle brick yard, Thursday afternoon she refused to let him have the furniture and sitting down in a large rocking chair defied "Dad" to take the chair. This is where "Dad" worked a ruse that proved successful. A dresser drawer contained several articles of wearing apparel and when "Dad's" deputy called Mrs. Hunninglake to remove the articles "Dad" made a getaway with the chair. Avoid a rain of unfriendly words Mr. Davis and the furniture men withdrew from the scene of a near battle.

John Bell, meat cutter at William Carter's grocery, made a mistake Thursday while cutting a beefsteak and sliced one of his fingers instead of the meat. John is not an experienced butcher but will soon learn that a meat knife is sharp and is meant for meat and not fingers.

Constable Charles Davis served attachment papers on Thomas Luther and Lee McKee, of near the Carlyle brick plant Thursday. The furniture belonged to one of the large firms in the city and was turned over to them in a suit heard in Squire William McManis' court several days ago. Something is surely going to happen. Four days have passed and there has not been a single arrest, not even a free lodger.

The mayor advised Ray, however, to cease his practice of cashing Van Curen's pay checks and to keep his sweetheart, Will Shelton, from beating up Frankie Hollingsworth and he turned on her. She interfered with officers who came to arrest him. She was dismissed while Shelton who has become a regular offender, was fined \$50 and to stand committed to the workhouse until the fine and costs are paid.

The Movies

"The Man in the Street"

One of the most interesting pictures of the season, "The Man in the Street," the pictorial version of Mary Inlay Taylor's great novel, will be the special attraction at the Lyric tonight, and to all who love a profound dramatic story it will afford an hour's pleasure. The story is of a picture can hardly be exaggerated. It is probably the best drama Edison has made in a year. York Modersohn, Duncan McKinnon and Gertrude McCoy are all affording ample opportunity to show their talent, and they certainly measure

up to the occasion in the stirring scenes of this clever play. There are three reels of it and not a dull moment in the entire picture. The school children who were in the parade on Flag Day had their pictures taken in the "Movies," with the Lyric Motion Picture Camera, and Manager Mack will show them in the theatre next Tuesday and Wednesday, in addition to the regular show. The admission will be five cents, so that all the kids can see themselves in the movies. There are also some interesting pictures that were taken in Greenlawn cemetery on Decoration Day, showing the old soldiers and ladies decorating the graves, the firing of the salutes, etc.

At The Exhibit Tonight

"Silent Sandy" is the headline at the Exhibit tonight and no doubt a splendid crowd will witness this splendid drama of two reels. "Silent Sandy" is one of the elegant dramas ever shown in the city and the acting is of the highest class. Manager Law recommends it to his patrons as one of the best attractions he has ever shown. Remember, the Exhibit has the finest music in the city while the theatre is cool, comfortable and sanitary.

"Creation" At Grand

"Creation," as given at the Grand Opera House, is proving a revelation to Portsmouth people.

Each division of these great Bible studies occupies about two hours. No charge is made and no collection is taken under any guise, at any service held.

Art critics pronounce this exhibition the finest collection of historic and religious art ever exhibited in the world. Nothing like it has ever been attempted. It represents millions of money, time and great care exercised in the hand coloring of its miles of films and hundreds of slides.

It has been said that the four parts are equal to three years at college. Pastor Russell's fifty years of Bible study are behind the concise lectures delivered at the entertainment. To all this you are welcome "without money and without price."

The motive of this enterprise, or philanthropy, as presented by the I. B. S. A., is to stem the tide of infidelity and stimulate faith in God and the Bible as His Inspired Word.

Cities everywhere are clamoring for the Photo-Drama and Portsmouth is highly favored. Sixty cities are showing this drama to about 70,000 people daily.

Part 1 traces Creation from Star Nebula to the deluge and its causes into Abraham's time.

Part 2 begins with Melchizedek leading through Israel's experience to the Babylonian captivity and the Exiles.

Part 3 extends from Daniel's time to Jesus' advent, his suffering and exaltation.

Part 4 takes us from Pentecost through the "dark ages" and onward into the millennium.

Daily at 3 and 8 p. m.
Part 1—The 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th and 21st.

Friday Was Sultry

While the mercury "only" climbed up to 96 Friday the day was one of the sultriest on record, owing to the humidity in the atmosphere. It was a sticky, muggy day and everybody felt the heat.

Friday. The light shower that fell this morning cooled the atmosphere only temporarily. A heavy rain fell north and east of the city Thursday night, but only a few drops fell in the city.

WHAT DYSPEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE
"Indigestion and practically all forms of stomach trouble are, thus far out of the way, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to live on a miserable collection of gruel and grout, I would suggest that you should try a meal of this food of foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bicarbonate of soda in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bicarbonate is known to hold the best food corrective and antacid known. It has no direct action on the stomach, but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which induces the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of doing an inflamed and irritated stomach with drugs instead of getting rid of the acid cause of all the trouble. Get a little bicarbonate from your druggist, eat what you want at your next meal take some of this bicarbonate medicine as directed above, and see if I'm not right."

be produced at the Millbrook Casino, commencing Monday, July 13. Special scenery and electrical effects will be used to make the play as much like the show presented in New York City as possible. Nothing will be left undone to make this production the talk of Portsmouth theatregoers.

BIKE THIEF CONFESSED

Douglas Miller, a former employee of Kelley Bros., who aroused suspicion by trying to dispose of a bicycle to various parties in Kinney lane, confessed to the police later that he had stolen the wheel. He said it belonged to a boy named Roy of near Eleventh and Gay streets, at whose home he formerly boarded. He took the bicycle from the Selby shoe factory rack Wednesday night. Miller, who of late has been boarding at the home of his sister, Mrs. Belle Ross, of Gallia street, was captured by Chief McCarty after a hurry run in the mayor's automobile.

PLANT DESTROYED

Gallipolis, O., July 10.—Fire Wednesday night destroyed the plant of the Gallipolis Cifflonier company, which had been in operation two days after being idle several months. The loss is estimated at \$25,000, with insurance of \$20,000 on contents of the building only. The origin of the fire is not known.

Good Milk Market

Columbus, O., July 10.—Milk brings better prices in Portsmouth than in Cincinnati. Consequently B. G. Coyer of London, Ross county, and other milk producers, complained to the state utilities commission against the B. & O. S. W. Railway company's new schedule, taking off the east bound train in the morning. Formerly milk was shipped on that train to Chillicothe and from there to Portsmouth. Now it must be sent to Cincinnati.

The commission heard the complaint yesterday.

It was a jolly, good natured happy-go-lucky and informal occasion enlivened by jokes and stories by a speaker eager to be taken and by the musical talents of Harry Ware, Post, David G. Gen. Perry D. Knapp, Commander of the Patriarchs Militant Department of Ohio, and Earl H. A. Hahn, regiment general, both of Toledo, will arrive here this evening and complete preparations for the opening of Camp Orient at York Park tomorrow afternoon. General A. R. Fricker, of Dayton, who is commander-in-chief of the Supreme Council, will arrive some time Saturday. The opening of the camp will be attended by a band concert given by the River City band.

Members of the local committee on decorations began tacking up flags, banners and other decorations along the principal thoroughfares this morning, and Saturday morning will see a number of tents being erected at the park. It is expected to have the largest attendance in the history of the Grand Encampment.

Friday afternoon there will be a devotional service and sacred concert at the park. The meeting will be in charge of the Rev. J. Benjamin Meyers, a prominent Episcopalian minister of Columbus, and the Department chaplain. This is an annual feature and is open to the public.

Arrangements have been made to give the visitors an excursion on the Ohio during the course of the meetings, as many of the representatives and others who come from inland points, have expressed a desire to see the government dam and other places of interest in the vicinity along the river.

Maj. M. S. Munroe, who will be installed as Grand Junior Warden, has notified the committee that at least twenty uniformed members will accompany him from Fremont. A large number is expected from Hamilton, while Dayton, Columbus, Troy and other places will be well

On Monday the Department Council will hold its sessions at the Odd Fellows' Temple, Fifth and Court streets, followed in the evening by the exemplification of the Militant Degree at the Hol Men's hall. This will be conferred by a visiting Comcon, who has been selected by the commanding general.

Tuesday will be one big day for local Odd Fellows and their guests. During the day there will be three parades, one in the morning, from the Odd Fellows' hall to the High School building; another in the afternoon to York Park, and still another in the evening. The line of march for these parades will appear in the Times on Saturday or Monday evening. All Odd Fellows in the city and vicinity are expected to participate in these parades.

The public will also take note that

the opening exercises to be held at the High school on Tuesday morning is an open one and everybody is cordially invited to attend. The program is high-class and will be enjoyed by all who avail themselves of this opportunity.

W. B. Roderick, of West Union, who will be installed as Grand Patriarch here, is a well known newspaper man and has a vast number of friends and acquaintances in this community.

Among others well known to Portsmouth, who will be in attendance, are Judge Cren and Geo. H. Davies, of Fronton; J. M. C. L. Pugh, Grand Patriarch, of Columbus, O.; Alex. McNamee, of East Liverpool; J. H. Hart, of Cincinnati and J. M. Kaufman, of Gallipolis.

This will undoubtedly be one of the best conventions ever held in this city, and the local O.E.F. fellows have been more than pleased at the encouragement and support given them by local merchants and others.

Philadelphia— One thousand convicts out of 1,473 in the Eastern penitentiary voluntarily signed a petition asking state-wide prohibition. Many blamed liquor for their plight.

Tire vs. Doughnut

A doughnut is the same shape as a tire but a tire is a blamed sight easier to wear out.

Friends That Love Us Always

The friends that love us always
In the good times and the bad
The friends that love us always
Are the friends that keep us
glad.
The friends that cling in times
As they do in times as those
That have made the paths of
hardship
Seem the paths of song and
rose.

The friends that love us always
When we go their way, or not
Are the friends that hearts re-
member,
When the others are forgot.
The friends that stick the closest
When the trouble grows the
worst;
The friends that love us always
Just the way they did at first
They are the crowning jewels
Of the coronets we weave
In the dreams of tender moments
When the troubles start to
leave;
And we hush their names forever
And we see their faces clear
The friends that love us always
In the sun or shadows, dear.

Proper Nancy
Miss Nancy is quite proper:

Yes, Nancy is so proper
She nearly always fights

Put sausages in lights.

Miss Nancy is so proper.
She is much distressed
When in a big show window
A wire frame is undressed.

And Nancy nice and proper
Rolls eyes at many slants
When dog runs to her wearing
Nothing but running pants

Table Etiquette

Don't ask for a second half of a spring chicken. The hostess always provides just enough to get around. Don't ask for it. Just scrape your plate assiduously with your fork and if there is any chicken left you will get it.

Don't put chicken bones or potato skins in your pocket. This is not done in the best circles.

Don't polish the plate off with

cat. This is distinctly a restaurant trick. The plates in the best houses are usually clean. If the plate is not strictly clean remove it quietly from the table when nobody is looking and rub it on your knee under the table. Then watch your chance to slip it back on the table without being noticed.

Don't ask the price of eatables served during the dinner. Having to buy them makes the hostess feel bad enough without being reminded of it frequently by the guests.

As soon as the rig was passed, the driver's unconscious condition was discovered. The machine took a position a few rods in front of the runaways and was kept there till a favorable opportunity was presented the occupants to stop the horses. This did not come for another mile.

At the point where the road is torn up for new paving the temporary driveway swings out at a sharp angle into a field. Here the car was slowed down and the team blocked down to a gait that permitted of the autoists stopping it. The sharp turn from the paved roadway, however, barely missed causing the wagon to upset.

The occupant when awakened, was too dazed to give his name. After a bit he was sobered enough over his near accident to assume the reins and drive on.

Can't Find Watch

The police made the rounds of local pawn-shops without being able to find any trace of a gold watch belonging to Miss Edna Darling, of Kenova, W. Va. Morris, a railway fireman, who has been out of the N. & W. service for six months.

NON UNION MAN IS FOUND DEAD

Cincinnati, O., July 10.—The local police are puzzled over the finding today of the mutilated body of Edward Feagan, a non-union carpenter foreman, of Norwood, in a sub-cellar here. The man had been brutally beaten to death but from appearances he had put up a valiant fight for his life. A strike of union carpenters has been in progress here for the last three months.
